# American Legion POST #8 APRIL ISSUE

May 6, 2016

IN THIS ISSUE

## Post 8 Officer Inaugurations

The American Legion Post 8 held its annual officer inaugurations on April 12<sup>th</sup>. Members of the post and invited guests from the District and State took place in the ceremonies.

The newly elected officers for the Legion, Sons of the Legion, Legion Riders and Auxiliary gathered together in the ceremony and accepted their new positions and the responsibilities which each entails.

### Legion Donates to Dover Teen Center

Post 8 donated \$500 to the Dover teen Center in early April to help start funding for new vinyl tile flooring.

The Teen Center has over 600 visitors and approximately 170 registered members. The center provides kids a safe environment and positive opportunities.

All four groups conveyed the same message to those in attendance that Post 8 is a family and each group looks forward to the year ahead working independently and jointly in the community.

2016 will be a busy year as Post 8 continues to reinvest in the community and works to improve the building itself. Please congratulate and show your support.
