June 20, 2024

Well here we go - the start of a new year for the Auxiliary family.

My project this year is David's House in Lebanon NH. It is something that is very important to me as many years ago they helped me out and I keep trying to return the favor. They are there to help families with a place to rest while waiting on their child who is hospitalized. They not only give them a calming place but all the daily necessary items to help make it a good day.

Most people who know me have seen me with a bubble machine or bottle of bubbles when I really need to unwind, they tend to calm me and the situation. So fellow auxiliary members, if you see lots of bubbles you might see me.

My saying is bubbling up for Your veterans but always remember that part of YOUR is: OUR veterans.

I believe the one thing we need to conquer this year is COMMUNICATION. This is what will keep us all connected and strong.

I'm very anxious to see every unit in the state of NH attend our conferences both the Fall and Spring ones. This is where you will get the correct information to run all the programs and talk to the chairman if you need any clarifications. They will help you get what is needed to make your unit a great success. So please attend and keep us what we are; a strong organization who is there for our veterans and the communities we live in.

The date for the Fall conference is Oct 19 in Gorham NH at Post 82. With any luck, the colors on the ride up will still be beautiful and the information will make it worth your time. If you could give the office a reply as to whether or not you will be attending, it will help us make sure enough drinks, etc. will be available. At least a two week notice would be awesome.

Always remember our motto: Service not Self.

Gloria Morin,  
Department President

P.S. All district directors, alternates, chairman and second and third members as well as department officers are expected to attend the organizational meeting on July 20th at 9:30 coffee 10 start time. Place: Post 49 Tilton
