All donations and volunteer hours to the White River Jct., Vermont VA Hospital will be reported on the units Veterans Affairs and Rehabilitation Report (VA&R).

The purpose of reporting to me is to help me keep track of items donated, and volunteer hours done at this VA Hospital for my report at all VAVS meetings and at the end of the year for the written report for the Book of Reports for Department Convention.

When a member goes to Volunteer Service at the VA or to the Women's Center with items, a Donation Record Form must be included with the items, this also goes for any monetary donations. Keep a copy of the form for your unit records and send a copy to me. If you cannot make it to White River Jct., Vermont, I will work with you and make arrangements to pick up the items from you.

Donations needed most will be listed in the Monthly Department Bulletin. Ask your Unit President or Secretary if there is an update from me in the bulletin. Remember, not only Inpatient Veterans but the Women's Center, and the Homeless Veterans in the Upper Valley area.

Please, call prior to making any donation to ensure the item is still needed.

This year lets "Be the One" for Veterans.
