This year we will be learning all about Scotland. Scotland is one of the four countries that make up the sovereign state of the United Kingdom. It is the northernmost country and is a land of mountain wildnesses such as the Cairngorms and Northwest Highlands, interspersed with glacial glens.

Did you know that the Unicorn is the National animal of Scotland? And the National flower is the Thistle?

We will be learning about them and much more as we travel around Scotland. We will also learn about the culture and food of Scotland.

Essay/Scrapbook Contest:

Citations/gifts will be given to the Senior and Junior member submitting the best scrapbook. You may include any information gathered, newspaper clippings, photos, historical information, climate, food, dress, traditions, etc. The first page must include the name and address of the Unit member submitting the entry and the name and number of the Unit. The scrapbook must be no larger than 12” X 15” and not exceed 50 pages. A type written essay not to exceed 1,000 words must be included at the beginning of the book. Pictures and sketches may also be included. The entry must be received by this chairman no later than May 1.
