CHAPLAIN’S CORNER:

God is kind, patient, and gentle!

God is merciful and wise! God is compassionate, and faithful!

As we start the New Year, let us keep God’s goodness as our guide.

Let us be the catalyst that makes this the best year for our Units.

Always be aware of God’s deep and abiding presence.

He is everywhere. He is there to offer His wisdom and love.

We are starting a new year. We can sit by and have the same old experience at our meetings or we can invigorate members with new ideas and projects. Why not try one of those projects that your Unit has pushed aside? New ideas, new energy, with Gods guidance, just think what we can accomplish.

A New Year! New excitement could be just what is needed to inspire your members to have the greatest of year.

Let us remember to keep our members, our troops, and all others in our prayers for a New Year of good health and wellness to all.

I am still looking for prayers and inspirations for President Linda’s Prayer Book. Please send them to me at 23 School Street, Marlborough, NH 03455 or email them to: lindalapoint4@gmail.com
