Dear Members,

Well, isn’t this exciting! Celebrating our 100th year and the changes that are to come. I hope you are as excited as I am. First of all to be receiving the Plan of Works. Our Chair people have been working very hard to develop the Plan of Work for the programs they have accepted. They are very excited to have you review them, and please, call the chairperson with any questions you may have. They will be happy to answer any of your questions.

Second, there have been some changes, which will be reviewed at the Fall Conferences. Please encourage your Unit Chairs to attend and learn about all the changes. You can attend one or both. There are two conferences scheduled this year; one on October 12th in Hooksett and the other on October 26th in Penacook. It is so much fun to visit other posts and units to collect ideas and see how other units serve the ALA. Bring any questions you may have regarding any of the programs. We will have lots of fun, learn about our programs and there will be prizes.

I am hoping to make the ALA 100th year a great one. To obtain: 100% enthusiasm, 100% membership, 100% reporting and just celebrating the ALA past, present and future.

Yours in service,

Linda E Dupont
