

Information from the S.A.L Eastern Region Conference call last night:

November is the month where we have a big push for membership renewals. Go out and talk to the members that have not paid their 2020 membership dues.

Just a reminder that the dues increase will take effect in June when the cards for 2021 are issued. Please talk to your squadrons about this.

Looking for writers for the national update. You can send your information to the editor: Matt Parsons - [matt.f.parsons@gmail.com](mailto:matt.f.parsons@gmail.com)

They are looking for photos for the Snapshots of Service, it is where members can send photos showing members in SAL apparel doing things that fall under the 4 pillars of the American Legion. Go to the national website and fill out the form explaining what was done and submit it with the photos.

The National Member Training and Development Committee is looking into doing a chaplain training program, more info to come later. All candidates for the National Management Institute must come from the Detachment NEC.

At the NEC, the Legion made a change to their preamble. It was a wording change. It is to change " Great Wars" to " All Wars" at some point the SAL and Auxiliary will change the wording in their preambles. It is currently under review of Internal Affairs.

The SAL " Unofficial Gathering" has changed to later in March
